I got to know Kathy through my work. She truly became someone I looked forward to seeing and always made my workday better. She was so kind and always asked about my family, my son, and my husband. She really got to know me and took the time to really talk to me. I still think of her all the time and I miss her a lot. Even though I met her through my job, I will always consider her a friend.

Katherine was one of my many patients that I helped at UH Portage. It has been a while since I last spoke with her but I will never forget her. She was such a delight to talk to and always had something encouraging to say or tell me about. She loved to tell everyone about her miracle grandbaby Silas. His story that she told is one that I will never forget! She truly loved God and her family. I look forward to seeing her in Heaven one day! Prayers to her family and loved ones during this time!
