So sorry to hear that you have passed on. I still think of you often and wish things could have worked out. I was having a hard time at work with an idiot new boss without compassion whom drove me to drink. That resulted in our downfall. Drinking was my only way of dealing with that idiot and calming down, but you couldn't understand that. Sorry for you and your family and I still fell bad about your sister's child constantly screaming about her blood test. That child pained my heart for that child. Bye hon, See ya soon..
