Big Brother Bill will be missed by many because he was loved by so many. I called him Big Brother because to me he was, since I had no big brother of my own. He put a smile on my face more often than not, and always had an interesting story to tell for those that took the time to listen. It was sad to hear (Elvis) has left the building, though I am sure he has found his peace. I had planned to pop in to visit him last year to see how he was doing and just general bs. Life tends to offer fewer moments for such things as we get older. God speed Big Brother Bill.

MY UNCLE BILLY we love you and miss you more than anything. Amber, Lil Matt, and me are thinking about you and all of the times we came to see you. Billy I remember when I was a baby as far back as I can remember you were all ways sitting upstairs with grandma and grandpa and Tommy at our old house on ST. RT. 82 (OUR OLD FARM). Those were the good old days and the best times iv had in my life growing up. You were all ways there with us and the whole family. We had some of the best times and memories like smoking, hanging out together and watching T.V with the whole family. We will see you again and we will always miss you.

So sad to hear that Bill passed away I've known Bill since 1970, when I was 10 and he brought Mike & Jim over to my house he pick me up in his Chevy II to go to their house to play, that's the first time I met him. I have so many great memories of Bill that I will always cherish. He was a very intelligent person full of knowledge and had a wonderful sense of humor, I can hear him now when he would see me out or I would go over to their house he would yell out my name hey Chris Miller. Bill I loved you like a brother and I will miss you, your in Gods hands now and some day we will meet again. To all the Kalcic family may God bless you and comfort you in this difficult time.
