Kathleen S. "Kathy" Scott

OCT 30, 1964 - MAY 29, 2025

Kathleen S. "Kathy" Scott, age 60, of Mantua Twp., passed away peacefully on Thursday, May 29, 2025, in Mayfield Heights, Ohio, after a courageous battle with Leiomyosarcoma. Born on October 30, 1964, in Cleveland, Ohio, Kathy was the daughter of the late Francis G. and Laverne C. (Daily) Friedel.

Kathy's life was marked by her unwavering dedication to her family and her career. She was the beloved wife of Lynn A. Scott for 34 years. As a loving mother to Andrew (Lauren) Scott, she instilled in her son the values of kindness, perseverance, and the importance of family. Her role as a cherished grandmother to Maxwell Scott was one she embraced with all her heart, showering him with affection and love.

In her professional life, Kathy's commitment was equally evident. She served for over 20 years at Physicians Ambulance, where she began her career as a Certified Paramedic, a role in which she provided comfort to many in their times of need. Kathy's passion for helping others was evident, and she eventually retired as the Director of Patient Accounting, leaving behind a legacy of excellence and compassion.

Kathy was a dear sister to Frank Friedel (Amy) and Anne Brentar; aunt to Celeste, Bonnie, Laura, and Valerie, and great aunt to Bailee, MacKenzie, A.J., and Merrilee Dawson.

Outside of her professional and family life, Kathy found joy in the simple pleasures of life. Spending time with her family was her greatest interest and the source of her deepest happiness. Whether it was a quiet evening at home or a family gathering, Kathy's presence was a source of comfort and compassion.

Kathy's legacy will live on in the hearts of her family, friends, and all who were fortunate enough to know her. She will be deeply missed, but the memories she created will forever be cherished by those who loved her.

I met Kathleen "Kathy" as a Villa Angela Academy "VA girl" as she was in my younger sister's class. For several decades a small group of grads and dear friends get together and share life's journeys. Kathy was not defined by her illness, in fact, we seldom discussed it. She truly exemplified the first three letters of her illness "c a n" and lived fully with support of family and friends. I in fact didn't know her diagnosis, and I didn't need to, as to know Kathy was to know she loved her family and was full of gratitude of any kindness bestowed upon her. She will not be forgotten but remembered as a strong woman rooted in faith, and a fine example that life is a journey better shared and learned with others. I had the privilege of spending the past weeks with her reminiscing and preparing all of us to share our sorrows but know she rests in eternal peace. Anna Luzar '79
